CLASS FEATURES

Revitalizing Ritual

Each time you finish a respite, you can choose yourself or one ally who is also finishing a respite to gain the benefit of a divine ritual. The chosen character gains a bonus to their recovery value equal to your level that lasts until you finish another respite.

Prayer

You can gain more piety by praying to the gods—but beware! Doing so can easily draw their ire, as the gods hate to be annoyed. Before you roll to gain piety at the start of your turn, you can pray (no action required). If you do, your roll gains the following additional effects:

INCITING INCIDENT

Lost Love

As a cleric of the Beast Mother Pirhoua, Ange has lived a life of gentle service to Erin's people. The ursine is a few years older than the others, but they feel a deep protective bond to each. For years they've whiled away their social hours in the attic of Erin's bethel with their friends, testing new recipes and listening to their struggles. When Trey tells Ange about the plan to leave Erin to become a delving crew, the bear is the most conflicted of the four. Ange is the most content with life in Erin, but there is a secret motive bringing them along: the memory of a young traveling paladin's kindness some years prior. Ange commits themselves to protecting their friends and to finding this lost love.

ROLL VS MULTIPLE CREATURES

When an ability has multiple targets (whether a strike with more than one target or an area effect), you make one power roll and apply the total to all targets. If you have edges or banes (see Chapter 1: The Basics) against some but not all of your targets, you might apply a different tier outcome to individual targets.

For example, if you target three creatures with a strike ability and the power roll totals 11, each of the targets should be affected by the tier 1 outcome of the ability. However, if you gain an edge on strikes against one of the targets to add 2 to the power roll, your total against that target is 13, and they are affected by the tier 2 outcome of the ability.

SHIFTING

Shifting is a careful form of movement that allows a creature to move safely past dangerous foes. Certain abilities, features, and other rules allow you to shift a specific number of squares, sometimes up to your speed. Whenever you shift, creatures can't make opportunity attacks against you triggered by that movement.

You can't shift into or while within difficult terrain or damaging terrain. If a rule allows you to shift, you can choose to instead move up to the number of squares you would have shifted (for example, to get out of difficult terrain). However, you can't combine moving and shifting within that movement.

FLANKING

When you and one or more allies are adjacent to the same enemy and on opposite sides of the enemy, you are flanking that enemy. While flanking an enemy, you gain an edge on melee strikes against them.

If you're unsure whether your hero and an ally are flanking a foe, imagine a line extending from the center of your space to the center of your ally's space. If that line passes through opposite sides or corners of the enemy's space, then you and your ally are flanking the enemy.

You must have line of effect to the enemy and be able to take triggered actions to gain or grant the flanking benefit.

OTHER FEATURES & REFERENCE

CONDUIT

Prayer

You can gain more piety by praying to the gods—but beware! Doing so can easily draw their ire, as the gods hate to be annoyed. Before you roll to gain piety at the start of your turn, you can pray (no action required). If you do, your roll gains the following additional effects:

- If the roll is a 1, you gain 1 additional piety but anger the gods! You take psychic damage equal to 1d6 + your level, which can't be reduced in any way.
- If the roll is a 2, you gain 1 additional piety.
- If the roll is a 3, you gain 2 additional piety and can activate a domain effect of your choice.

Life Prayer Effect

Choose yourself or one ally within 10 squares of you. That character can spend a Recovery, can end one effect on them that is ended by a saving throw or that end at the end of their turn, or can stand up if they are prone. Alternatively, you or one ally within 10 squares gains temporary Stamina equal to 2 times your Intuition score.

Love Prayer Effect

Each ally within 10 squares of you gains temporary Stamina equal to 2 times your Intuition score.

CLIMBING / SWIMMING

A creature who has “climb” in their speed entry, or who gains the temporary ability to automatically climb, can climb across vertical and horizontal surfaces at full speed. Likewise, a creature who has “swim” in their speed entry, or who gains the temporary ability to automatically swim, can swim in liquid at full speed.

Creatures without those types of movement can still climb or swim when a rule allows them to move, but each square of climbing or swimming costs 2 squares of movement. If a surface is difficult to climb (for instance, a sheer cliff or ice-covered wall) or a liquid is hard to swim through (a raging river or whirlpool), the Director can call for a Might test. On a failure, a creature can't climb or swim but wastes no movement in the attempt. The Director can also impose other consequences to failure, such as being caught in the spinning current of a whirlpool.

Climbing other Creatures: You can attempt to climb a creature whose size is greater than yours. If the creature is willing, you can climb them without any trouble. If the creature is unwilling, you make the following test:

Power Roll + Might or Agility:

Roll	Effect
≤11	You fail to climb the creature, and they can make a free strike against you.
12-16	You fail to climb the creature.
17+	You climb the creature.

While you climb or ride a creature, you gain an edge to melee abilities used against them. The creature can use a maneuver to attempt to knock you off, forcing you to make the following test:

Power Roll + Might or Agility:

Roll	Effect
≤11	You fall off the creature into an unoccupied adjacent space of your choice, taking falling damage and landing prone as usual.
12-16	You slide down the creature into an unoccupied adjacent space of your choice and don't land prone.
17+	You continue to hold on to the creature.

If you are knocked prone while climbing or riding a creature, you fall and land prone in an adjacent space of your choice, taking damage as usual from the fall.

COVER

When you have line of effect to a creature or object but that target has at least half their form blocked by a solid object such as a tree, wall, or overturned table, the target has cover. You take a bane on damage-dealing abilities used against creatures or objects that have cover from you.

NOTES

MANEUVERS

Any creature can take the following maneuvers, in addition to those listed in their stats:

- **Aid Attack:** Choose an adjacent enemy. The next ability power roll an ally makes against them before the start of your next turn has an edge.
- **Catch Breath:** Spend a Recovery.
- **Claw Dirt:** You use the Claw Dirt ability.
- **Escape Grab:** You use the Escape Grab ability while grabbed.
- **Grab:** You use the Grab ability.
- **Hide:** You become hidden from creatures who aren't observing you while you have cover or concealment from them.
- **Knockback:** You use the Knockback ability.
- **Make or Assist a Test:** Making or assisting a test is a maneuver in combat.
- **Search for Hidden Creatures:** Attempt to locate creatures hidden from you.
- **Stand Up:** You stand up from prone, ending that condition. Alternatively, you can use this maneuver to make an adjacent prone creature stand up.
- **Use Consumable:** Unless otherwise noted in its description, you can use this maneuver to activate a consumable treasure. A creature can use this maneuver to administer a consumable treasure that benefits the user either to herself or a willing adjacent creature.

DYING AND DEATH

When your Stamina is 0 or lower, you are dying. While dying, you can't take the Catch Breath maneuver in combat, and you are bleeding, and this condition can't be removed in any way until you are no longer dying. While you are dying, your allies can help you spend Recoveries in combat, and you can spend Recoveries out of combat as usual.

While your Stamina is lower than 0, if it reaches the negative of your winded value, you die. When you die, you can't be brought back to life without the use of a special powerful item such as a Scroll of Resurrection.

DURING THE MOVE

Certain ability effects allow you to move and affect other creatures or objects during that move, such as the shadow's One Hundred Throats ability. For such abilities, the move begins in the space you first leave when you start the move and ends in the last space you move into.
